Quick Start Guide

Hi! Let's Begin

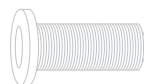

What's Included

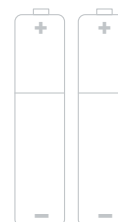

Voice Remote

TV Stand

Stand Screws

2 AAA
Remote
Batteries

What You'll Need (Not Included)

Screwdriver

Phillips head

Wireless Router

Needed for streaming

Internet connection

Needed for streaming

Connect Devices to Your TV

Check to ensure that you have selected the right cables for the ports and that they are connected securely (cables and external devices not included). Loose connections can affect your picture and audio quality.

COAX/CABLE RF ANTENNA

Connect an outdoor or indoor antenna.

HDMI

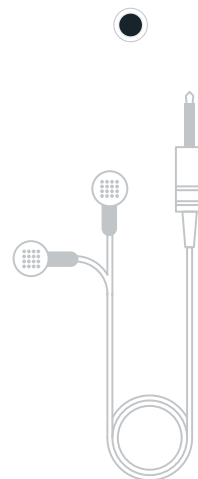

Connect a Blu-ray or DVD player, gaming console, or other external devices. Highest quality audio/visual connection.

OPTICAL

Connect an optical cable from an external digital audio system.

AUDIO (HEADPHONE)

Connect headphones or external speakers.

Connect Devices to Your TV

(continued)

LAN

Connect an Ethernet cable to access a network or the Internet. The TV also has a wireless connectivity feature.

USB

Connect a USB device for browsing photos, music, or videos.

AV IN/
COMPOSITE

L

R

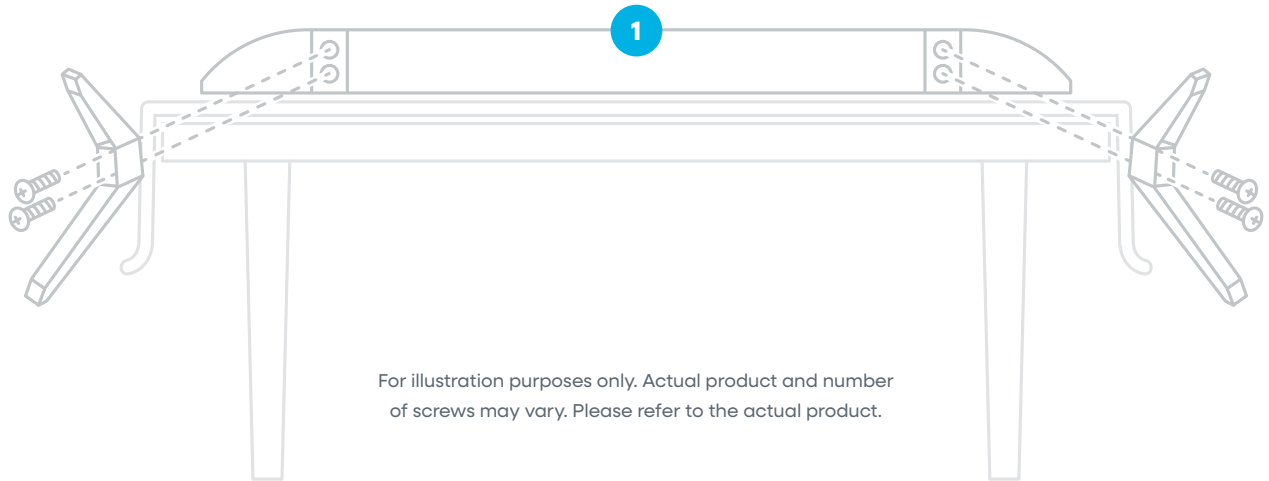

Connect a composite video cable and left-right audio cables from an external AV device.

Applicable on 4K models

Actual connections may vary by model. Please refer to the actual product to determine your connection options.

Setting Up Your TV

Installing the stands

Do not install the stands if you want to wall mount your TV. See your wall mount instructions for mount installation details.

You will need: Phillips screwdriver (not included)

1. Place the TV screen-down on a clean, flat, soft surface (e.g.: blanket) to prevent scratches or damage to the screen.
2. Use a Phillips screwdriver to attach each stand with the provided screws.
3. Place the TV upright on a stable, level surface.

To avoid damages, never carry your TV by holding or putting pressure onto the glass.

Setting Up Your TV

(continued)

Setting up your remote

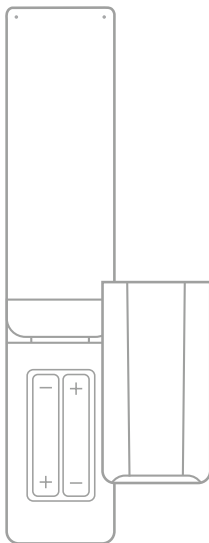

Power your TV remote by inserting the included batteries carefully and matching them to the (+) and (-) indicated inside the battery compartment.

Pairing Your Remote During Initial Setup

During the setup process, when you reach the **Pair Your Remote Control** screen, select **Connect**.

On your remote, press and hold the  and  buttons at the same time.

Continue holding for 5 seconds, until a pairing confirmation appears on the TV.

Pairing Your Remote After Initial Setup

1. Go to **Settings > System > Remote Control** and select **OR Press**  on remote control to open the pairing screen on your TV.
2. On your remote, press and hold the  and  buttons at the same time.
3. Continue holding for 5 seconds, until a pairing confirmation appears on the TV.

Unpair Your Remote

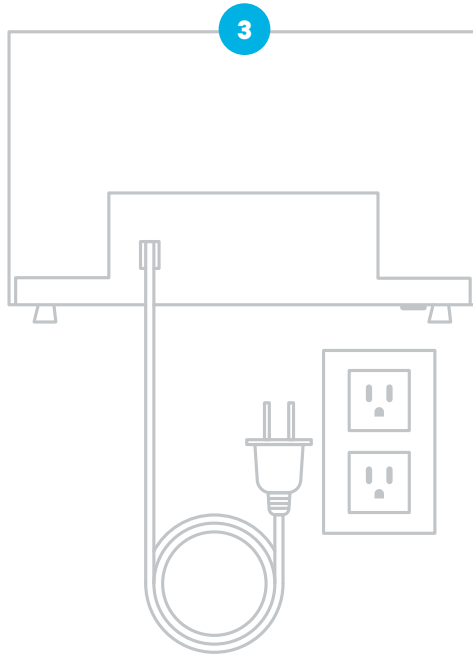

1. Go to **Settings > System > Remote Control** and select it.
2. Select **Disconnect & Unpair**.

TIP: Always replace dead batteries with two brand new batteries from the same manufacturer. Never use damaged batteries.

If your remote gets warm/hot during use, discontinue use and contact customer support immediately.

Setting Up Your TV

(continued)

Power
button

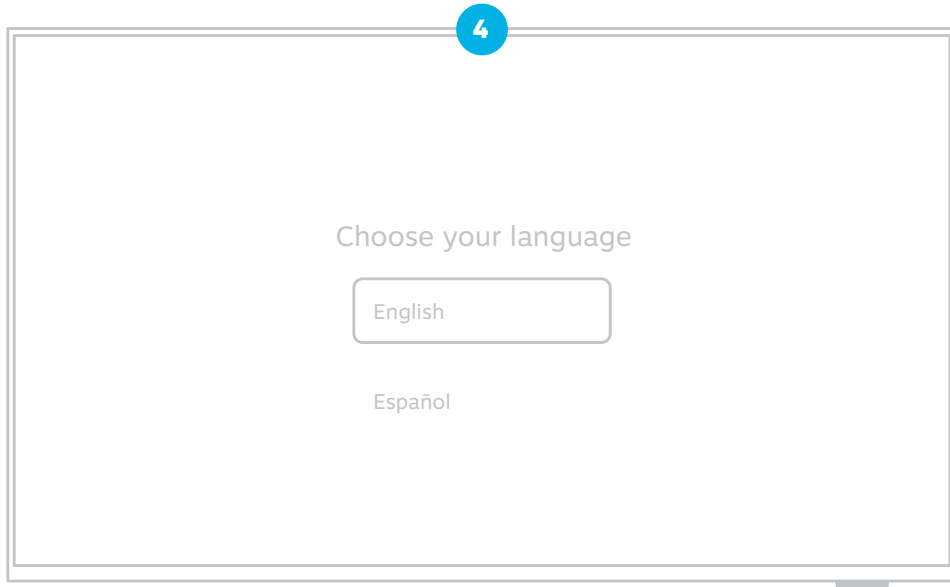

Plug in and turn on TV

Plug your TV into a wall outlet and press the power button on your remote control. Your TV will display the Element and Powered by TiVo logos and then the first setup screen.

Setting Up Your TV

(continued)

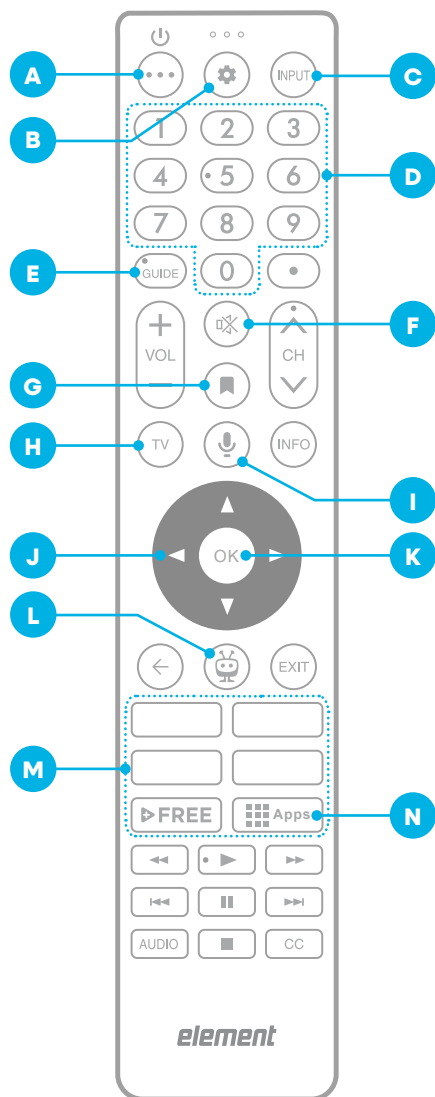

Follow the on-screen instructions

When your TV powers on, follow the easy on-screen instructions for setup.

Connecting your TV to the Internet gives you access to all the things that make your TV smart, including apps, voice controls, and more. Your TV will automatically detect wireless networks in your area, so have your network name and password handy. If you aren't ready to connect to a wireless network you can still use it as a regular TV and can connect it later within settings.

Using Your Remote

- A Power** Turn your TV on/off
- B Settings** View TV settings
- C Input** Change your TV's input
- D Number pad** Change channels and input pins
- E Guide** Brings up Live TV Guide when enabled
- F Mute** Silence your TV's audio
- G Watchlist** Brings up your Watchlist
- H TV** Brings up Live TV Input
- I Voice control** Navigate your device and find something
- J Navigation pad** Move up, down, left or right
- K OK** select an item
- L Home** Return to the Home screen or wake your TV
- M App Shortcuts** Launch specific apps
- N All Apps** View all apps

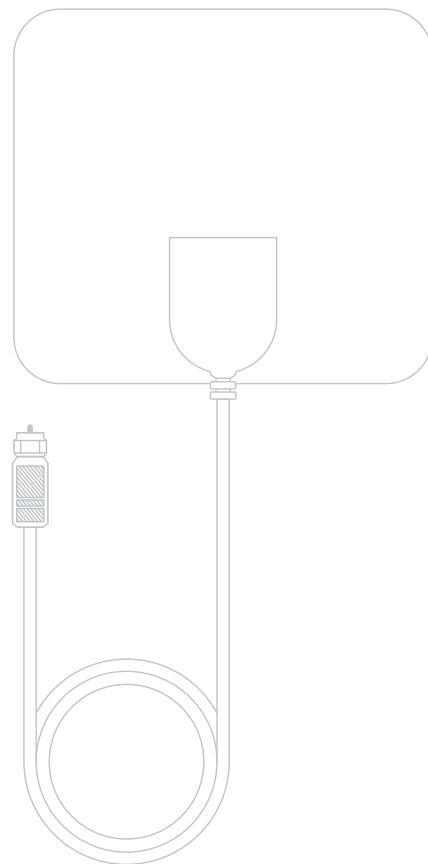

Connecting an Antenna

With the built-in tuner you can connect your TV to an antenna and enjoy over-the-air entertainment.

1. To connect your TV to an antenna, connect a coax cable (not included) into your TV's **ANT** port and the other end into your device.
2. Turn your TV on and press the Home button on your remote.
3. Press the  button on your remote and **Scan for channels**.
4. Follow the on-screen instructions.

Universal Remote Setup

If you prefer to use your cable set-top box or satellite receiver remote as a universal remote, please refer to the manual your cable or satellite service provided. It includes instructions on how to program your remote to the TV.

Let's Register Your Product

To register and activate your 2-year warranty, scan the QR code or visit elementelectronics.com/register

Why Should I Register?

Without product registration within 90 days of purchase, your product only receives a 1-year limited warranty.

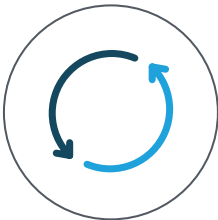

Support

Get assistance quickly when you need it by pre-registering
